

FINN WORLD MASTERS 2016

Circolo Vela Torbole

Arrival instructions

On arrival please take your boat to either Circolo Vela Torbole or Circolo Vela Arco. It is recommended that you take your boat to the club nearest to where you are staying. While there is room for everyone at Torbole, it would reduce congestion if there were a significant number of boats at Arco, and we know a number of sailors have already planned this.

However the decision where to leave your boat is yours.

The main event base will be Circolo Vela Torbole.

Note that, while the Official Notice Board and official flag signals will only be made at Torbole, duplicate (non-official) notices and signals will also be displayed at Arco. See Sailing Instruction 12.

Measurement will be carried out at both clubs.

Registration and payment can only be made at Torbole (but if you are leaving your boat at Arco, please drop off your boat first).

Please note that no vehicles can be parked at Circolo Vela Torbole, except while dropping off boats.

Trailers and cars will be parked off site – you will be notified on arrival.

It will undoubtedly be very busy at times, so thank you for your patience and cooperation in getting 400 Finns arrived and berthed.

Please also note for emergency assistance, there will be a doctor and an ambulance at CIRCOLO VELA TORBOLE.
